Capgemini Global Anti-Harassment, Diversity & Inclusion Policy

Document ID: POL-ETH-004-V2
Version: 2024.1
Effective Date: January 1, 2024
Owner: Global Diversity Office & Legal Compliance
Access Level: Public - All Stakeholders

---

1. Our Unwavering Commitment

Capgemini is more than just a technology provider; we are a community built on the foundation of mutual respect and inclusion. We operate on the principle that every individual—regardless of their background—deserves to work in an environment where they are safe, valued, and empowered to reach their full potential. This policy is the cornerstone of our "Ethics First" culture. We also recognize that a safe workplace is a shared responsibility, and all employees are expected to uphold these standards in every interaction.

2. Zero Tolerance Policy

Capgemini maintains a "Zero Tolerance" stance toward any form of harassment, discrimination, or retaliation. This means:

1. Every reported incident will be investigated.
2. If a violation is proven, disciplinary action will be taken, regardless of the offender's rank, tenure, or performance.
3. We will not "look the other way" for high-performing individuals who violate our core values.

3. Scope of Protection

This policy protects all:

- Employees (Full-time, Part-time, Temporary)
- Job Applicants
- Interns and Apprentices
- Independent Contractors and Consultants
- Clients and Vendors (when interacting with Capgemini personnel)

This protection applies not only in our physical offices but also:

- At client sites.
- During business travel.
- At company-sponsored social events.
- In virtual spaces (email, Slack, Teams, and social media).
- During recruitment and hiring processes.

4. Defining Discrimination

Discrimination is any unfair treatment or denial of opportunity based on a protected characteristic.

4.1 Protected Characteristics

Capgemini prohibits discrimination based on:

- Race, color, nationality, or ethnic origin.
- Religion, belief, or lack thereof.
- Biological sex, gender identity, or gender expression.
- Sexual orientation.
- Age.
- Physical or mental disability (including neurodiversity).
- Marital or civil partnership status.
- Pregnancy, maternity, or paternity status.
- Genetic information or veteran status.

4.2 Systemic Discrimination

We are committed to identifying and removing systemic barriers that may unintentionally disadvantage certain groups in hiring, pay, or promotion. This includes periodic reviews of compensation equity and promotion outcomes.

5. Defining Harassment

Harassment is unwelcome conduct that is offensive, intimidating, or hostile.

5.1 Sexual Harassment

Sexual harassment includes, but is not limited to:

- Unwelcome sexual advances or "jokes."
- Suggestive comments about a person’s body or clothing.
- Displaying sexually explicit images or messages.
- Unwanted physical contact (touching, hugging, or brushing against).
- "Quid Pro Quo": Implicit or explicit promises of reward in exchange for sexual favors.

5.2 Non-Sexual Harassment

Includes bullying, slurs, or derogatory comments related to any protected characteristic. This includes "Microaggressions"—subtle, everyday slights that communicate hostile messages to marginalized groups.

5.3 Third-Party Harassment

Capgemini will take action to protect its employees from harassment by non-employees (e.g., clients, vendors, or visitors) during the course of business.

5.4 Cyber Harassment

Harassment through digital channels includes:

- Repeated unwanted messages or tagging.
- Sharing humiliating or offensive content.
- Exclusionary behavior in group chats or online meetings.

6. The Duty to Intervene (Bystander Responsibility)

At Capgemini, "silence is complicity." We expect all employees, especially those in leadership roles, to speak up if they witness conduct that violates this policy. Managers who witness harassment and fail to take action will themselves be subject to disciplinary measures. Employees can intervene directly when safe, seek assistance from a manager, or report through official channels.

7. Reporting Channels: The "SpeakUp" Framework

We provide multiple secure ways to report concerns:

1. **Direct Management:** Your immediate supervisor or department head.
2. **HR Business Partner (HRBP):** Dedicated professionals for your business unit.
3. **The Global Ethics Helpline (SpeakUp):**
    - Available 24/7 in over 100 languages.
    - Operated by an independent third party.
    - Allows for completely anonymous reporting (where legally permitted).
    - Website: https://speakup.capgemini.com
4. **Local Compliance Officer:** For regional questions or regulatory reporting.

8. Investigation Process & Timeline

Capgemini is committed to a fair and timely process:

- **Acknowledgment:** Within 48 hours of receiving a report.
- **Initial Assessment:** Within 5 business days to determine if a full investigation is required.
- **The Investigation:** Conducted by the "Group Ethics & Internal Investigations" (GEII) team. This involves interviewing the complainant, the accused, and witnesses, and reviewing digital evidence.
- **Interim Measures:** During the investigation, the company may implement temporary measures like administrative leave (with pay) or department transfers to protect the complainant.
- **Conclusion:** A final report will be issued. Both parties will be informed of the outcome (to the extent permitted by privacy laws).
- **Confidentiality:** Information is shared on a need-to-know basis to protect all parties.

9. Supportive Measures

Employees who report concerns may request:

- Schedule changes or remote work adjustments.
- Temporary reassignments away from the alleged offender.
- Access to counseling services and the Employee Assistance Program.

10. Retaliation: The "Safe Harbor" Provision

Retaliation is any negative action (e.g., demotion, exclusion from meetings, poor performance review) taken against someone because they reported harassment in good faith.

- **Capgemini's Promise:** We will fiercely protect whistleblowers. Any person found to have engaged in retaliation will face immediate termination.

11. Disciplinary Actions

Violations of this policy may result in:

- **Level 1:** Mandatory sensitivity training and a written warning.
- **Level 2:** Final written warning and loss of bonus eligibility for the current year.
- **Level 3:** Suspension or immediate termination of employment.

12. False Reports

Knowingly making false reports or providing misleading information is a violation of this policy and may lead to disciplinary action.

13. Mandatory Training

All employees must complete the "Ethics & Inclusion" e-learning module annually. New hires must complete this within their first 15 days of employment.

14. Support for Survivors

Capgemini provides access to confidential counseling and legal resources through the Employee Assistance Program (EAP) for any employee who has experienced harassment or discrimination.

15. Record Retention

Investigation records are retained in accordance with legal requirements and Capgemini data retention policies.
